

Overview

Our Driving & Team Building Day has been created to give you, your clients and your staff a unique team building experience through stimulating, challenging and highly enjoyable activities which will also allow them to learn potentially life-saving driving skills.

By recognising threats to their safety whilst they are driving, delegates will learn to avoid accidents and react positively to potentially hazardous situations as they unfold around them. The day is designed to deliver practical driving skills in an exciting and fun manner. We ensure that all those attending leave with valuable additional driving skills having had an exhilarating day.

Our staff & facilities

Our training team are highly experienced former members of the military and police who have an unrivalled blend of instructional experience backed by recognised civilian teaching qualifications, ensuring that you and your team have an exciting but safe day.

The day takes place at the G4S Risk Management training facility near in Pershore, Worcestershire. The site is a former airfield with a 2.5 mile driving track, innovative hostile environment street scene and vehicle crash area.

Course fees

£3750 (ex Vat) for up to 6 students

£625 (ex Vat) for each additional student

*Maximum course capacity: 12 students

*Buffet lunch and refreshments are included

G4S Risk Management's specialist training division provides clients with the opportunity to add a touch of enjoyment to their working day whilst encouraging their teams to work together to achieve mutual goals.
