Site Remediation

G4S Ordnance Management specialists since 1995

- Successfully delivered clearance and security operations and/or have trained, mentored and advised local capacities in over 35 countries. Completed Ordnance Management projects in various post-conflict theatres of operations in Africa, Asia, Europe, the Middle East and the Far-East.
- Serviced Mine Action contracts across the globe for a multitude of large-scale clients.
- Worked with major global donor and funding agencies including The World Bank, the European Union, International Trust Fund and UN agencies. We have also worked for government departments and commercial clients in a number of countries.
- Trusted Level2 Ordnance Management Supplier of the United Nations (UN)
- Our qualified, capable and highly experienced personnel have an excellent safety record
- Commitment to helping solve the global landmine and ERW problem
- Providing a safe, quality-assured and cost-effective capability to our clients.
- Strong experience with the logistical issues of deploying and supporting teams across complex and remote environments.
- Since 2001, provided services to the Oil & Gas, and construction sectors, predominantly in Mozambique and Iraq.
- We supplied EOD and IEDD training for the Afghanistan and Iraq Military and police forces, IED training for the Canadian Armed Forces and the UN in Cote d'Ivoire.
- Currently conducting C-IED training and mentoring for the UN in Mali.

Our Vision

To become the leading partner of choice for the provision of broad spectrum risk management and support services in complex, low-infrastructure and challenging environments.

Our Mission

We will design, deliver and execute cost efficient risk management and support services that enable our customers to conduct their business safely and successfully in complex, low-infrastructure and challenging environments.

Compliance

- Gained accreditation with the United Nations and National Demining Authorities in every country where we have worked
- Comply with International Mine Action Standards

Accreditation

- ISO 9001:2008
Quality Management Systems
- BS OHSAS 18001
Occupational Health and Safety Management
- OHSAS 18001:2007
- ISO 14001:2004

OUR RECORD

Over the last 20 years, our sustainable and humanitarian programmes have:

Released more than **1.1 billion m²** of land to productive use

Cleared over **20 million** items of unexploded ordnance

- **Committed to supporting the improvement of safety in mine action.**
- **Signed to the Reporting, Analysis and prevention of Incidents in Demining database since 2011.**

SOCIAL RESPONSIBILITY

- Supported Peacekeeping Organisations in very demanding situations such as the Implementation Force (IFOR), and Stabilisation Force (SFOR) in former Yugoslavia; and the Kosovo Force (KFOR).
- We are a founder member of the International Code of Conduct Association and comply with Montreux Document and Voluntary Principles of Security and Human Rights.

Supporting organisations working in industries such as:

- Infrastructure and Facilities Construction
- Seismic Survey Operations
- Pipeline Route Clearance
- Survey, Construction or Rehabilitation
- Wellhead Survey and Site Clearance
- Mining Operations
- Military and Police
- UN Peacekeeping Operations
