### COMPANY BACKGROUND

G4S is the Marianas leading security systems group with 30 years of local experience, through acquisitions from risk assessment to service delivery. We work in partnership with governments, businesses, other organizations and residents to provide integrated solutions to security challenges, risks and concerns.

In 2021, G4S, a London-based global security company, was acquired by Allied Universal®, a leading security and facility services company that provides proactive security services and cutting-edge smart technology to deliver tailored, integrated security solutions. This acquisition expands Allied Universal's footprint and infrastructure on a global and local level.

Through the company's vast network of more than 800,000 employees, we are supported by efficient processes and systems that can only come with scale to help deliver our promise locally: keeping people safe so our communities can thrive. In Asia Pacific, we have an extensive network of offices and more than 192,000 employees to support our local communities, customers and our 800 local employees. We believe there is no greater purpose than serving and safeguarding customers, communities, and people in today's world. Allied Universal is There for you™.
