A publication for our people, our company and our customers

A G4S Secure Solutions (USA) Inc. Publication - Summer 2016

## Great People Make a Great Company

Learn how you can participate in the “I am G4S” video project

Whether you’ve been with G4S 30 years or 30 days, you’ve probably been asked “Who is G4S?”

This summer a group of G4S employees worked together to create a video that explains who we are and gives everyone an opportunity to demonstrate company pride.

It started with a video titled “The G4S I Know.” Then in early August they released a video called “I am G4S” that featured submissions from 30+ colleagues in Florida, New York, Canada Aviation, Integration, and Technology.

This employee-led platform allows any G4S employee to share a video in support of fellow employees and our company. Each video reaffirms our commitment to safety, security, dignity and respect for all. The message: Our individuality gives us wisdom. Our unity keeps us strong. We are G4S.

To ensure that you receive all G4S emails and video updates, please update your contact details with your local HR team. To share your own “I am G4S” video, view the written instructions below the video at this link <https://goo.gl/qEPVu4>

## A Message from the President

Team,

Those of us who work for G4S know what G4S is all about. We play an essential role in the safety, security and protection of the American public and our nation's infrastructure.

As you browse this issue, remember who you are! The actions of the security officers featured in the publication are exemplary, but not uncommon. The stories you see here are a small fraction of the challenges security officers like you overcome on a daily basis. It takes preparation, training and professionalism to meet these challenges. You are G4S.

This summer a group of G4S employees worked together to create a video that explains who we are and gives everyone an opportunity to demonstrate company pride. You'll learn more about the "I am G4S" campaign on page 1.

Also in this issue, on page 3, you'll read about "Shout Outs" our new weekly email and video that recognizes G4S employees and teams across the United States who exemplify hard work, serving our business and our clients. Never miss a "Shout Out" by ensuring that your human resources team have your current email address on file.

It is with great pleasure and excitement that we present 2015's Gold Club awardees in this issue. It's truly remarkable what we have accomplished and it is with great respect and admiration that we can recognize so many of our General Managers and Managers of Business Development. This year's lineup featured on page 4 was exceptional and we want to congratulate all for their effort, commitment to excellence and performance.

And finally, please know that we are always working to increase our communication with ALL of our employees. This newsletter and our weekly Shout Outs are our way of recognizing you -- the men and woman of G4S -- who are dedicated to protecting our country's assets, people and infrastructure, whether it is at a courthouse, museum, transit system, campus, office building or shopping mall. Your impact on public safety is immeasurable.

Thank you for your continued commitment to our company, our clients and each other.

Drew Levine  
President  
G4S Secure Solutions North America

# G4S Remembering Our Friends

## In Memoriam: Remembering Carol Borer and Ilene Greenfield

This summer we said goodbye to two women who we're hugely influential on this company and me personally. Carol Borer passed away on June 30th and Ilene Greenfield passed on July 21. Both ladies fought long and courageous battles with cancer.

Carol Borer

Carol was my executive assistant and was a valued member of our team for more than 16 years and was recognized as Employee of the Year in 2008. She was my best friend at work and a great assistant and served as my voice and the voice of the organization on countless occasions in support of our mission. Filled with style, grace and a terrific sense of humor, all you needed was 10 minutes with Carol to know how special she was.

Ilene Greenfield

Administration for Secure Solutions reporting into Danny Grizzard.

Ilene joined our organization in 1985. With her meticulous planning for the annual ASIS show, a conference or Gold Club, we never worried or even looked back. It was Ilene; She had it covered. Ilene was promoted to Manager of Operations and Administration in January of 2000 and again to Director in 2002 and finally to Sr. Director in 2003. In her last role with the company she looked after all

Our hearts go out to the family and friends of Carol and Ilene. There are those who love and those who are loved and then there are these ladies, who excelled at both. They will be forever missed and never forgotten.

## Pittsburgh Office Kicks Off "Why I Work Safely" Campaign

Lt. Steve Hoover showing how he works safely

Regional Training Director Michael Zagger

The Pittsburgh office kicked off the "Why I Work Safely" campaign with an exciting photo contest. The idea came from Regional Training Director, Michael Zagger, in an attempt to get the officers more involved. Zagger challenged officers for all sites out of Pittsburgh to take pictures of how they practice safety in their own locations. The winner was Lt. Steve Hoover out of Grove City, Pennsylvania. Lt. Hoover demonstrated the proper wearing of PPE when checking incoming vehicles into the Grove plant.

## Extraordinary Employees Who Do Extraordinary Work

"Shout Outs" is a weekly platform that recognizes G4S employees and teams across the United States who exemplify hard work serving our business and our clients. Never miss a "Shout Out" by subscribing today. To view the "Shout Outs" archive and subscribe, visit <https://goo.gl/I5NvWJ>. Please ensure that the Human Resources team at your local office has your updated contact information in order to receive the latest "Shout Out" emails.

### CATS Team Apprehends a Shooter

L-R: SPO Michael Shanahan, SPO Mario Zepeda, Captain Bryan Kale, Deputy Chief Richard Goff, Sergeant Carmelita Jimenez, SPO Zoe Young

It was a typical day at the Charlotte Area Transit System (CATS) until an individual shot someone and ran. The CATS team pursued the shooter, who was successfully identified and arrested.

### A Hero Among Us

WWP Jarus Perez

Training Specialist Jarus Perez was in the army for seven years before joining the G4S team. Following catastrophic injuries, he received care, pursued an education and now trains all new hires in our Sacramento office.

### Tri-Rail CPO a Hero

CPO Danny Dickerson

When an individual jumped on the Tri-Rail train tracks, CPO Danny Dickerson was not going to let that person waste their life. Dickerson heroically pulled the individual to safety.

### Project Manager Thwarts Lawsuit for Customer in Omaha

Project Manager Melissa Schneider

At a site in Omaha, project manager Melissa Schneider saw something out of sorts in a transportation protocol. She stopped the process and likely prevented a \$250,000 lawsuit for the customer.

Manager of the Year)

Thanks to our great General Managers and Managers of Business Development, the competition for 2015's Gold Club Awards was fierce. On this page, we feature the team members who outperformed all others in a very competitive year. G4S Secure Solutions (USA) recognized its top 14 General Managers (GM) for excellence in location profit and revenue generation as well as a series of other qualifiers such as budget, production over budget and prior year. Our top five Managers of Business Development (MBD) are recognized for excellence in revenue generation, margin, cross selling and multiple accounts. Our 2015 General Manager of the Year was Leslie Popieluch from Dallas and our 2015 Manager of Business Development of the Year was David Greenberg from Chicago. Our 2015 Account Manager of the Year was Brian Doyle who was recognized for his commitment to excellent performance and account management. The 2015 Spirit Award Winner, Bill Buchinsky, was recognized for not only performing well, but doing so against challenging circumstances and for exhibiting behavior that is true to our values. Also included in this year's Gold Club celebration is G4S Regulated Security Solution's Project Manager of the Year, David Young. Congratulations to all of our award winners and thanks for your hard work for our organization!

G4S officers and personnel are the best in the security business. Their dedication and passion for their work is unsurpassed. We honor our All-Stars because they are men and women of character who lead our teams by displaying leadership, discipline, integrity and a “can-do” attitude.

## Alert CPO Prevents Fire

While on patrol at a motel in Austin, Texas, CPO Chris Taylor observed a large dumpster fire developing adjacent to the building. He was able to contact the Austin Fire Department and then started to put the fire out before it could spread to the low tree branches and possibly the main building. Officer Taylor's quick actions prevented further damage and potential loss of life.

General Manager Robert Wien and CPO Chris Taylor

## Captain Cervantes Steps Up to Provide Stellar Service

Captain Nicholas Cervantes manages the account for a chemical manufacturing corporation in Raleigh, North Carolina, where he has shown exemplary leadership, a strong team-first attitude and provided stellar service to the client. Captain Cervantes has ensured cohesiveness and seamless security throughout client layoffs at an outside security service, and also arranged support of special coverage of the site even while he was supporting coverage requests at other key accounts. Keep up the good work Captain Cervantes!

## G4S Volunteers Making a Difference in the Community

L-R: General Manager Vincent LaPapa, Project Manager Michael Johnson, Training Manager Chris Kacsandy, CPO James Harshberger, CPO Darryl Neeley

Six volunteers at the G4S Colorado Springs Office participated in the March of Dimes March for Babies. The March of Dimes foundation focuses on researching the problems that threaten children and finding ways to prevent them. Thanks to their generous donations, the Colorado Springs team raised more than \$500 for the cause. Keep up the good work!

## Officer Prevents Dangerous Fire in North Carolina

L-R: G4S Operations Manager Anthony Bonapart, G4S Shift Supervisor John Cradle & Time Warner Physical Security Supervisor Ron Korb

While working at a Time Warner facility, Officer John Cradle witnessed an active fire caused by high winds and a discarded cigarette at the rear of the facility. Officer Cradle immediately used a fire extinguisher to contain the fire until the fire department could arrive. Thanks to his quick response and actions, Officer Cradle controlled a fire that could have caused serious damage to the facility.

## G4S Receives ESGR Pro Patria Award

General Manager Nathan Wolfe and Account Representative Matthew Reynolds accepting the ESGR Pro Patria award

G4S recently received the ESGR's Pro Patria Award, considered the highest level award that may be bestowed by a state ESGR committee. Matthew Reynolds, a G4S account representative, kindly nominated G4S for this award, meaning the company has demonstrated the greatest support to Guard and Reserve employees through leadership and practices. G4S is now in the running to win the ESGR Freedom Award, the highest recognition given by the U.S. Government to employers serving in the Guard and Reserve. Thank you for the nomination Matthew!

# G4S All-Stars

## Fairfax Office Provides Excellent Security at Star-Studded Celebration

Officer Eric Mendez

The G4S Fairfax Office helped kick off the White House Correspondents' Dinner weekend by providing security for a star-studded celebration of Washington media at the Canadian Embassy. The officers of the Fairfax office did an excellent job of representing the branch and the company well for a high-profile client.

## Camp Receives Security Officer of the Year Award

Security Officer Deanna Camp

Security Officer Deanna Camp is the perfect example of an employee who goes above and beyond what is expected. In addition to performing her job responsibilities, Camp individually maintains a weekly newsletter, fosters positive team ethos and rallies officers to increase participation. For her outstanding efforts, Camp was awarded the 2015 Security Officer of the Year award from the cloud computing company where she is assigned. Camp shows what kindness and dedicated effort can accomplish, which inspires others to follow suit.

## Dignity & Respect Campaign Update

In late 2014, G4S USA launched its Dignity & Respect Campaign — a national movement that encourages inclusion, cultural awareness and respectful interactions. By emphasizing Dignity & Respect as defined by the 30 Tips, these discussions encourage interactions, creating a more professional, productive and fun work environment. The campaign focuses on how each of us play an integral part in fulfilling G4S' commitment to treating all employees with dignity and respect.

During the course of the initial launch, all G4S employees were encouraged take the pledge to do their part to make our world/workplace better. If you have not yet taken the pledge, please consider doing so at <http://dignityandrespect.org/g4s/>.

## A Message from the RSS President

I want to take the opportunity to introduce myself to those I haven't met and to personally thank each of you for your service. Also, please join me in congratulating those officers who are recognized in this publication on a job well done.

This is my sixth year at G4S Regulated Security Solutions (RSS). Before that I was an FBI Agent. While in the FBI, I performed several duties, but the one that stands out is the seven years I was a SWAT Operator on the FBI's enhanced SWAT Team in Miami. It was the training and execution of the mission that have given me a unique appreciation for what our security officers at RSS are tasked with doing daily at nuclear power plants throughout the United States. You are highly trained and work in an environment that demands exceptional performance. Lives depend on it and that's an enormous responsibility!

Since being appointed President in January, I have been traveling extensively, meeting with leaders in the industry. Nuclear plants are

## VIDEO: As Seen On G4S Shout Outs

"Shout Outs" is a weekly platform that recognizes G4S employees and teams across the United States who exemplify hard work serving our business and our clients. In a recent RSS edition of Shout Outs, Gene Kuyrkendall, President of G4S Regulated Security Solutions,

highlights the importance of safety in the workplace and he sends a Shout Out to the teams at Maine Yankee, South Texas Project and Turkey Point.

under tremendous financial pressure and need to reduce costs to continue to operate. The term the industry uses is "Delivering the Nuclear Promise." The challenges for some utilities are monumental and several plants have announced their intention to decommission in the near future. Our company and our security professionals at RSS are uniquely positioned to aid the industry in delivering that promise. Our operations model is cost effective and we have proven ourselves to be an organization that delivers outstanding performance with safety driving our daily activities.

As we move forward, I'm challenging each of you to embrace the current challenges in the industry and rededicate yourself to doing everything in your power to add value to our team. This starts with a professional appearance and positive attitude no matter what your position is within RSS. Most of you are wearing a military-style uniform and carrying high-powered weapons as you go about your daily work activities. You are constantly being observed by those at your site. Take pride in that and use it as an opportunity to illustrate our company is a world-class security organization. Again, thank you for your efforts. I'm proud of you and I am committed to RSS's continuous improvement.

Gene Kuyrkendall  
President  
G4S Regulated Security Solutions

## PBNP Officer Wins RSS Employee of the Quarter

Congratulations to Security Officer James Londree, our RSS Employee of the Quarter. On two separate occasions, Officer Londree identified prohibited items while operating the x-ray machine at the South Gatehouse at Point Beach. By remaining vigilant in his access control duties and utilizing his training, Officer Londree successfully prevented both a weapon and ammunition from entering the Protected Area.

Security Officer  
James Londree

## VC Summer CAS/SAS Operators

2016 CAS/SAS class from VC Summer Nuclear Station L-R: Toby Chambers, Michael Brandon, Louis Wessel, Stephen Suber, Martin Caulder, Joshua Monts, William Krueger, Keith Medlin, Robert Cail, Alan Trawick, Melissa Spivey

Congratulations to our newly promoted VC Summer CAS/SAS operators. These officers excelled in the classroom and are now fully CAS/SAS qualified.

## PBNP Officers Prevent Potential Theft

L-R: Sergeant Matt Hessemer, Officer Mike Ross, Officer Nathan Luebke

While roving patrol officer Mike Ross was on duty, he observed an individual carrying items toward a vehicle. The individual confronted Officer Ross, and through his training and experience, Ross was able to observe and report the potential theft of company equipment to the Central Alarm Station. Back-up officers, Officer Nathan Luebke and Sgt. Matt Hessemer responded to help control the situation until local law enforcement arrived on the scene. Due to the quick actions of Officer Ross, and the additional response of Officers Luebke and Hessemer, the situation was resolved without incident or threat to the facility.

## First Millstone Officer Accepted to NEI Composite Adversary Team

Security Officer Samuel Turker

For 11 days, Samuel Turker and 15 other hand-selected Nuclear Security Officers from around the country were put through a Special Forces-type boot camp, where those who successfully completed the course were offered positions on the NEI Composite Adversary Team. Not only did Turker complete the course successfully, he also received the "Top Dog" award, given to the top overall performer of the participants. Congratulations, and we wish Samuel the best of luck in his time away from the station.

## Letters to

**From: Manager of Operations, Transit System**  
**To: G4S Manager Operations Joseph Breaux**  
**Location: Washington state**

I would like to speak on behalf of myself and AI and other staff... regarding the abilities of Daniel Monger. Our response from Operation and the riding public in general has been very positive when Mr. Monger is on duty.

**From: Facilities Manager at a commercial real estate office building**

**To: G4S Area Supervisor Robert D. Jones**

**Location: Downtown Seattle**

I just wanted to let you know that an employee just came up to me to let me know how much they appreciate the security staff. She's really impressed with how warm and inviting they make her feel, which is so different from other places she's worked.

**From: Assistant Vice President, Union Bank**  
**To: G4S Regional Manager Rod Natale**  
**Location: San Diego**

We recently had a security officer named Jenkins work at our branch temporarily for a few days. While he was here, we had a customer come in to do a transaction. She left and shortly later she came back in a panic. She couldn't find her cell phone. Jenkins walked around the entire lobby and searched high and low for her phone as well as asking every employee if it had been returned. We didn't have it. Our customer walked out of the branch bawling. Jenkins could have very easily left it at that but instead, he walked out with her to her car to help her search. It turns out, the phone had fallen in a crack between the seats. The customer was beyond relieved as she didn't have the means to replace the phone. Jenkins definitely showed what it means to live Union Bank's purpose. He was a tremendous asset to have while he was here and a couple of customers have asked about him since he left. Wonderful job Jenkins!
